BRAND LOGO & LOGO GUIDELINES

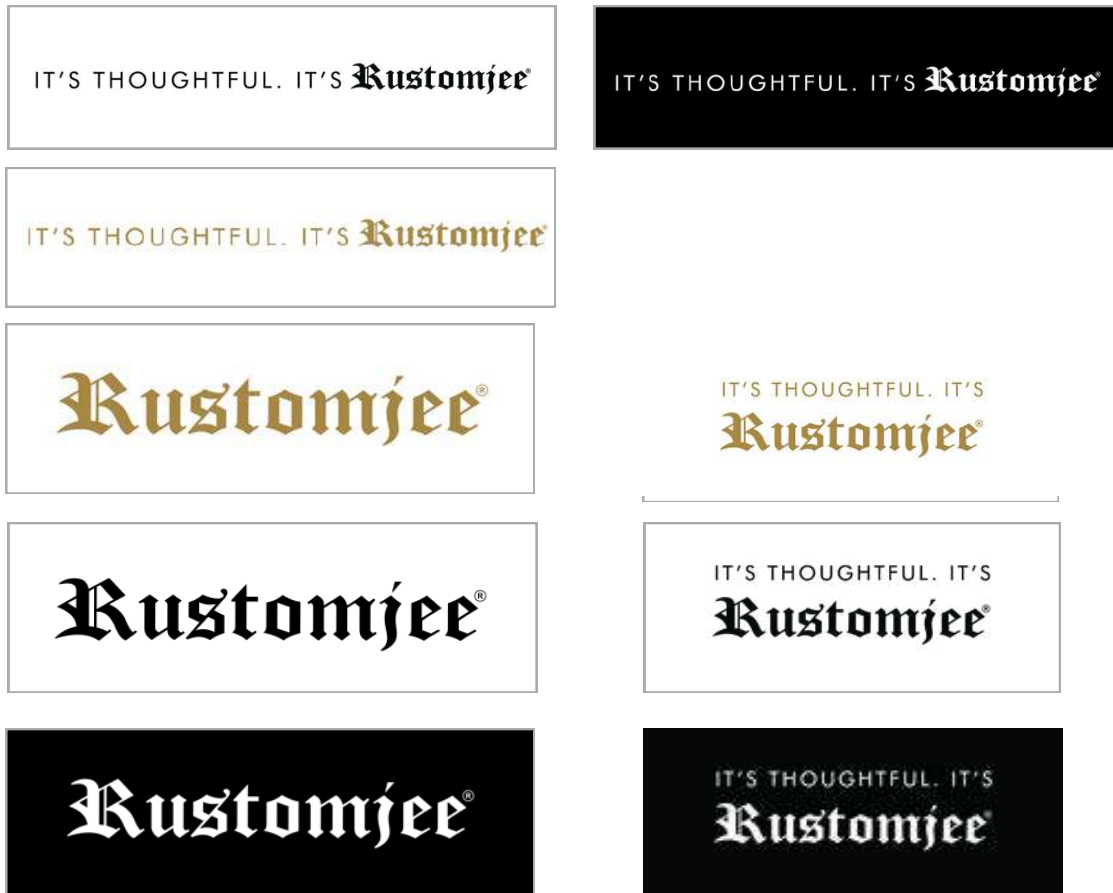

Rustomjee Logos

We have three types of logos we can implement across different forms of communication. Optical kerning, refined weight, defined clear space, and those lockups help to make the logo instantly recognizable at all sizes and in all contexts.

The following section sets out when, how and where our logo appears.

ALWAYS USE THE LOGO FILES PROVIDED IN THE LOGO PACK. DO NOT RE-CREATE.

03. Primary Logo

Horizontal logo

The Dominique Studio logo is composed of a floral icon and a logotype set in Sora Bold. Horizontal lockup is our primary logo and should be used in most instances.

Vertical logo

The stacked lockup is our second option and greatly used in tight or vertically oriented applications.

Rustomjee Primary Logo

Our logo is our most recognizable asset. That's why we love it, are protective of it and ask you to follow the rules when you use it.

Our horizontal lockup is our primary logo and preferred option. It should be used when there is no other brand presence in communications.

Primary logo usage

Use the black version on lighter backgrounds.

THE HORIZONTAL LOGO IS THE PRIMARY LOGO AND SHOULD BE USED IN MOST INSTANCES.

03. Logo Basics

The Dominique Studio logo must perform well at all sizes. Use the guidelines above for proper implementation of the small logos, which are legible at small sizes.

In print, both logo options should never appear smaller than 25 mm. On-screen, it must appear at least 70 pixels wide. Minimum size for our symbol is 4 mm print and 16 px digital.

TEST ANY SMALL SCALE LOGO USE FIRST TO FIND THE RIGHT SIZE BASED ON MATERIAL AND PRINTING PROCESSES.

Logo Spacing

To maximize visibility and impact, ensure our logo has clear space for it to breathe. Clear space around the logo is equal to the cap height of the Rustomjee R on all sides for best legibility.

Avoid putting any text or graphics within the clear space.

ENSURE THERE IS ALWAYS ADEQUATE SPACE BETWEEN THE LOGO AND SURROUNDING ELEMENTS.

03. Logo Basics

Luxury Projects Symbol & Logo

Symbol

Our floral icon should be used where it is easier for people to connect with your brand, such as in small applications, for social networks and more.

For extra small applications where the Dominique Studio logotype is illegible, the flower symbol can be used as an icon, like the app icon, favicon, social media profile picture and more.

Our icon should be visible but need space to breathe at small sizes. The icon size has to be 60% of the container width, visually centered.

 NO BUSY BACKGROUNDS	 NO FONT CHANGE	 NO 3D EFFECT

Light Beige plays a very important role in all brand communications and should provide balance with black.

Avoid overuse of the core so we don't appear too rigid, we want to encourage freedom.
